

DEPARTMENT OF THE NAVY SBIR/STTR PROGRAMS

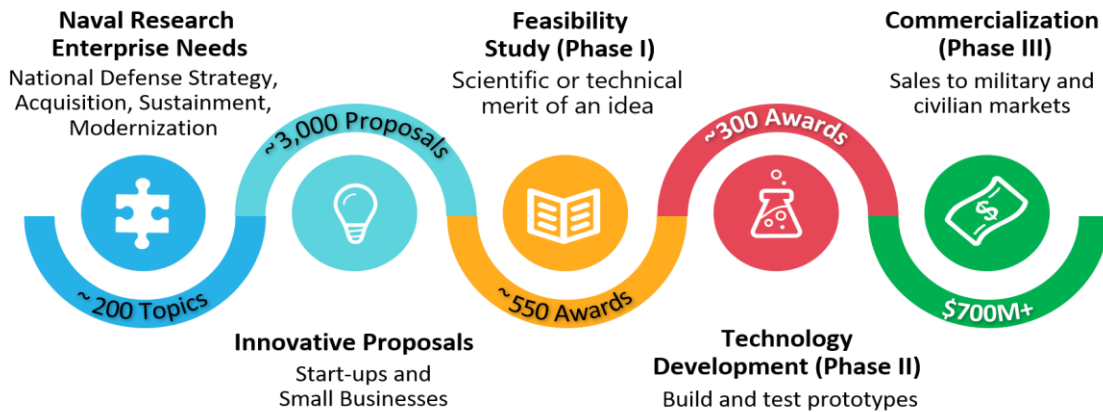

The Department of the Navy Small Business Innovation Research and Small Business Technology Transfer Programs (DON SBIR/STTR) provide opportunities for domestic small businesses and start-ups to deliver solutions to meet naval needs through Federal Research/Research and Development (R/R&D).

These competitive, three phase, awards-based programs advance innovations with an aim toward transitioning the resulting technologies to the Force/Fleet and commercialization in private markets.

“The small business-partner experience is a priority. Be a partner in maintaining our decisive edge.”

Robert L. Smith, DON SBIR/STTR Program Director

Delivering Innovation to the Warfighter

22.2/B BAA Schedule

DON SBIR 22.2/STTR 22.B topics will be pre-released on April 20, 2022. The pre-release period allows direct public communication between small businesses and topic technical points of contact (TPOCs) to answer technical questions about the topics.

The DoD and DON SBIR 22.2/STTR 22.B BAA will officially open for proposal submissions on May 18, 2022 and close on June 15 at 12:00 PM ET.

Phase III Success Stories

The Navy SBIR/STTR Success Stories webpage includes samples of Navy Phase III projects and their impact to the DON and the associated small businesses. The webpage is formatted in a way to easily locate success stories by year, firm name, state, Navy Systems Command (SYSCOM), and keywords. For more information, visit <https://www.navysbir.com/success/>

More information related to the DON SBIR 22.2/STTR 22.B topics, including specific areas of DON need and complete instructions on developing and submitting proposals, will be available at <https://navysbir.com> starting April 20.
